

There is deep satisfaction in knowing that we have done our part in making engineering a finer, nobler, and more satisfying profession for those who come after us.

--D.B. Steinman, National Society of Professional Engineers Founder

Funding Our Future

NDSPE Educational Foundation

Let's work together to fund our future

What is the NDSPE Educational Foundation?

The North Dakota Society of Professional Engineers (NDSPE) Educational Foundation is a non-profit organization started in 1984 exclusively for the educational benefit of North Dakota resident engineering students attending North Dakota State University or the University of North Dakota.

Today, the foundation distributes approximately \$2,000 in scholarships each year to engineering students. The Foundation is run by a board of trustees, comprised of officers and members of the NDSPE.

Foundation's Goals

-  Foster engineering as a profession
-  Support and enhance the engineering schools in North Dakota
-  Assist students in obtaining an engineering education

Why Should I Contribute?

NSPE members don't only change the material things in the world we live in, they change the lives of aspiring children every day. Scholarships provided by the Foundation is a great way to give back to the profession and develop pathways for future generations.

Regardless of size, all gifts are welcomed and invested in the endowment fund for the continuous development of scholarships and programs for engineering students.
